UK COLLEGE PARTNERSHIP CAPABILITY STATEMENT

Build capability. Strengthen employer provision. Extend your curriculum.

A flexible partner for staff development, apprenticeships, employer-facing programmes, bespoke training and professional qualification pathways.

OUR COLLEGE OFFER **Start with one priority need, validate it through a measured pilot, then scale across staff, learners and employer clients.**

WHO WE ARE

Training Creatively is the trading name of Creative Consulting and Training Ltd, a UK-based accredited training provider established in 2012. We deliver recognised professional qualifications, bespoke non-accredited training and applied learning across project delivery, digital services, AI, business analysis, change, governance, risk, cyber security and professional practice.

WHERE WE FIT

Your college retains ownership of curriculum, quality, learner relationships and employer strategy. We provide specialist instructors, accredited programmes, bespoke non-accredited training, official learning resources, eLearning, examinations, masterclasses, applied workshops and reporting for agreed programmes.

VALUE FOR UK COLLEGES

DEVELOP COLLEGE STAFF

Role-based CPD and bespoke development for leaders, managers, project teams, digital services and professional functions.

GROW EMPLOYER SERVICES

Mobilise accredited or bespoke programmes for local employers without building every capability in-house.

STRENGTHEN APPRENTICESHIPS

Add professional certification, bespoke masterclasses and applied workshops that enrich apprenticeship journeys.

EXTEND THE CURRICULUM

Introduce qualifications, specialist masterclasses and bespoke programmes across project, digital, AI, service, analysis, change and governance.

PROTECT CAPACITY

Virtual, onsite, weekend, self-paced and blended delivery to reduce operational disruption.

EVIDENCE OUTCOMES

Track participation, assessment or evaluation, learner feedback and agreed workplace application.
